INTERNATIONAL STANDARDS ON AUDITING PROGRAMME

ICAEW ISAs Programme

After the comprehensive changes in international standards on auditing (ISAs) brought about by the IAASB's clarity project that finished in 2008, auditors experienced a period of calm. In recent years, though, new and amended ISAs have been issued. The changes continue to have a significant impact on the audit process for ISA-compliant statutory audits. Having a good understanding of the key principles of all the ISAs that are currently effective will give you the confidence to act decisively and respond effectively to clients' and other stakeholders' needs.

This online learning and assessment programme is your route to a better understanding of ISAs and the audit process.
